

## **First Circular and Call for Papers**

### **The Congress of Asia Pacific Academy of Materials 2025**

**Guilin, China**

**October 14-17, 2025**

#### **ORGANIZED BY**

Asia Pacific Academy of Materials (APAM)

#### **SUPPORTED BY**

Institute of Corrosion Science and Technology  
South China University of Technology  
Chinese Materials Research Society

#### **ABOUT THE CONFERENCE**

Asia Pacific Academy of Materials (APAM), in close cooperation with concerned international & regional bodies, and with governmental agencies

and private institutions, seek to increase awareness and expertise in scientific and technical knowledge for sustainable development and use of materials. APAM held several conferences and seminars in various countries and regions in last 33 years.

The Congress of Asia Pacific Academy of Materials 2025, together with the 3<sup>rd</sup> World Materials Conference, is scheduled to be held on October 14-17, 2025 in Guilin, China. We hope that the events of the Congress will contribute to the professional advancement of the participants.

## **TOPICS**

The topics will include but not limited to the following areas:

- Fundamental studies of various materials
- Materials genome
- Metamaterials and high entropy alloys

- AI, IoT & informatics
- Soft & bio-Materials
- Light weight alloys
- New energy materials
- Eco-materials
- Engineering materials
- Function materials
- Electronic materials
- Material processing techniques
- Materials characterization
- Materials performance
- Materials in severe environments
- Materials' degradation and reliability
- Failure analysis
- Materials Industrialization
- Materials education

## PROGRAM

- October 14 All day, Registration
- October 15 AM, Opening Ceremony & Plenary Session for World Materials Conference
- October 15 PM, Opening Ceremony & Certificate Presentation Ceremony & Plenary Session for APAM Conference
